

2020-2021

Westwood Senior High School, 69 Cote St. Charles, Hudson, QC

Chairperson's Message

The 2020-2021 school year was yet again one for the history books as we continued to deal with COVID-19 and all that it entailed. With a strict set of Public Health guidelines and directives in place, most students and staff returned to in-person learning in September. Though anxiety levels were high for many, both staff and students were happy to be back in the building and it became clear that in-person learning was the better option for almost all. As the school year progressed and the virus continued to spread, Public Health guidelines evolved but students and staff adapted and WWSR managed to stay open for the entire year. Despite the challenges, it has been a successful year and this, thanks to the perseverance of all staff and students. On this note, the Governing Board wishes to offer its heartfelt thanks to all the staff and administration at WWSR for their dedication and hard work through challenging work conditions, to the parents for their support and trust through the ever-evolving health measures, and to the students for their perseverance and positive attitude throughout it all.

As always, Minutes from all our meetings can be found on the school website.
